FIVE MILLION POUND TOBACCO WAREHOUSE

To Be Built Here This Year. Will Make Stanford Center of Region South of River.

As a result of negotiations still pending, but practically completed, Stanford is to secure this season a large tobacco prize warehouse, with a capacity of 5,000,000 pounds of the weed. This announcement was made authoritatively today by W. P. Kincaid, the well-known tobacco buyer, who is making this city his headquarters. The only thing that prevents full details of the plans of this big institution being made public now is that the site for the mammoth warehouse has not yet been decided upon. This will soon be determined, however, and active steps taken toward securing the erection of the immense structure as soon as possible.

Stanford has rapidly forged to the front during the past two years as the center of one of the richest tobacco regions in the State. Mr. Kincaid, who has been buying tobacco for over a score of years, says that he never saw a finer grade of tobacco in his life than produced right here in Lincoln last season.

"And Lincoln county's tobacco crop this year is going to be probably double that of last season," he said. "It was estimated that Lincoln produced 4,000,000 pounds last season, so to double that would mean 8,000,000. Why, when I first came here to buy tobacco, Mr. Barnard, of the Louisville Tobacco Warehouse Co., told me if I secured 500,000 pounds he would be pleased. I got over 1,500,000 and will have 250,000 more before it is all gone."

Practically all of the tobacco raised in Lincoln and the surrounding counties is sold to independent buyers like Mr. Kincaid. The Equity movement has never taken hold with much success south of the Kentucky river, though it is understood that a vigorous effort will be made this season to induce many growers in this section to pool.

ANOTHER BIG BARN GOES UP IN FLAMES

J. F. Moser Sustains Heavy Loss No Insurance Carried on Destroyed Property.

Fire of unknown origin destroyed the large barn of J. F. Moser, a well known farmer living on Dix river in the Gilberts Creek section of this county, Monday night and caused damage of about \$2,000. The large structure and its contents were completely destroyed, and were unprotected by insurance. Three milk cows and four brood mares were destroyed, together with 200 barrels of corn, a lot of hay and farming implements.

People living in that section are of the opinion that the blaze was of incendiary origin. Several Negroes are said to have been loafing in the neighborhood, acting rather suspiciously, and proceeding upon this theory, Will Lair's bloodhounds were brought down from Hustonville and an effort made to find a trail from the scene of the conflagration. It proved unsuccessful, however.

This is the third suspicious fire in this section within the past week, the Tribune House at Junction City, and the large Baughman warehouse in this city having both caught from unknown causes.

W. M. Beckner Dies at Winchester

William Moore Beckner died Tuesday at his home in Winchester of a complication of diseases, aged 69. He was a native of Woodford county, but went to Winchester when a young man and engaged in the practice of law. He entered politics and was soon a leader in the democratic party. He was successively police judge, county judge, member of the Legislature, member of the Constitutional convention, railroad commissioner, prison commissioner and member of Congress.

In 1896 he bolted the democratic party and a few years later was a candidate for Attorney General on the republican ticket.

He leaves four sons—Lucien and Taliaferro, of Winchester, Seth, of the State of Washington, and Hickman, of Clairfield, Tenn., and two daughters, Mrs. John G. Worth, of Reno, Nev., and Mrs. Ed Clark, of Lexington.

A Man of Iron Nerve.

Indomitable will and tremendous energy are never found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills, the matchless regulators, for keen brain and strong body. 25c at Penny's Drug Store.

While superintending the erection of a building to be used as an automobile garage at Lexington, Dr. Valentine H. Hobson fell from the second floor and received injuries which caused his death a short time later. He was a well-known dentist of Richmond and a brother of Judge J. P. Hobson, of the Court of Appeals.

Whitewashing

Will be Result of Ballinger Probe, Thinks Harvey Helm.

Congressman Harvey Helm returned to his duties at Washington early in the week, having seen the track cleared for his re-nomination in this, the Eighth district. He has no fear of opposition from the republicans.

Mr. Helm is of the opinion that the Congressional committee which is investigating the Ballinger-Pinchot controversy over the conservation of natural resources, will "whitewash" Taft's man Ballinger, as the great majority of the people seem to think it was intended it should do. He said that he would not be surprised if Ollie James, one of the minority members of the committee, brought in a minority report, if this was done, but still such action would do no real good.

Bold, Bad Man

Picks Three Plumpest Pullets Off Rev. Walker's Hen Roost.

Rev. and Mrs. D. M. Walker are becoming the loss of three very fine Rhode Island Red hens, as the result of a visit to their henry at their home on Logan avenue, of an unprincipled roost robber, Tuesday night. Through an oversight, the popular minister had left the door to his chicken house unlocked, and when morning came, he found that three of the plumpest pullets were gone. His flock of the feathered family was a large one, but only these three were taken, due, he thinks, to the fact that they had the misfortune to select a roost low down in the house, for their nightly resting place, while their mates nestled among the eaves, hidden from danger.

To Celebrate Arbor Day.

There will be a general observance of Arbor and Bird Day in the public schools of Kentucky on April 12, and Superintendent J. G. Crabbe, of Frankfort, is making extensive preparations for the event. To this end he has just given an order for 14,000 of the handsome, highly-colored booklets containing the program for the day, such as were issued by the Department last year. Supt. Crabbe will urge every county and city superintendent to cooperate this year, and hopes for the same hearty response made with the celebration the same day last year.

To Build up Sunday School.

A score of the teachers and assistants in the Sunday school of the Christian church met at the residence of Clarence E. Tate Tuesday night and discussed ways and means for building up the school this year. The average attendance at this school last year has been about 150 children. The workers hope to bring this average up to 200 a Sunday, and if enthusiasm and willingness to work counts for anything, they will succeed. Mr. Tate served ice cream and cake to his guests, and the evening was a happy one for all.

Camnitz to Receive Big Salary.

The report that Howard Camnitz, of Hustonville, had signed with Pittsburg last week proved to be erroneous. He did not attach his signature to a contract for the Pirates this season until he had had a conference with Manager Clark in Cincinnati Tuesday. It is said that he will receive \$4,200 for his year's work with the world's champions.

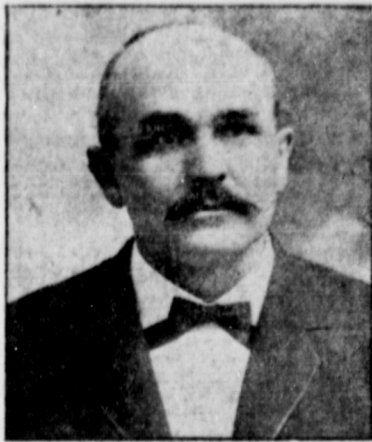

The Lash of A Fiend.

would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, la grippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. A trial convinces. 50c, \$1. Trial bottle free. It's positively guaranteed by Penny's Drug Store.

United States Senator John W. Daniel, of Virginia, is sinking rapidly and the end is expected at any moment. The Senator has been in a state of coma for two days.

BEGINS HIS FOURTH TERM AS POSTMASTER

Splendid Record Made By Uncle Sam's Official Representative at Stanford

Postmaster James C. Florence has just received formal notification from Washington of his appointment for the fourth consecutive term as postmaster at Stanford. The new term takes effect as of March 7th, and the reappointment of the popular official comes as quite a compliment to him.

Few Presidential postmasters in Kentucky are serving their fourth terms, and the record that Mr. Florence has made during his past twelve years of service is said to have been one of his strongest recommendations for another term. Few postmasters have served the patrons of Uncle Sam as well and faithfully as he has, and there is probably no more popular public official in the State today than this genial gentleman. His conduct of office has always been exemplary, and while he has conducted affairs in the most systematic and business-like way possible, he has in doing so made warm friends of all who have come in contact with him.

Another Runaway

Three Boys Narrowly Escape Injury When Thrown Out.

Clay, Lynn and Leon Davis, three sons of H. B. Davis, who lives near McCormack's church, had a narrow escape from death when the horse they were driving to a buggy ran away with them as they came out of the graded school yard to drive home Wednesday afternoon. The buggy turned over near the hemp warehouse, throwing the three boys out. Leon had his head cut a trifle, but beyond a severe shaking up, the lads suffered no bad results from the accident. Just as the boys turned out of the school grounds, the shaft to the buggy broke, and the horse became frightened and began to run. After spilling the three occupants of the buggy out at the warehouse, he continued on the dead run down the Danville pike, but at the railroad fell, and before he could get up and away, was caught. The buggy was smashed almost to splinters, but the horse seemed uninjured.

Will Speak at Banquet.

Rev. D. M. Walker, of the Stanford Christian church, will be one of the principal speakers at the banquet which Rev. W. S. Willis, pastor of the Christian church at Hustonville, will give to-night to the male members of his congregation there. Dr. Walker's subject will be "Man's Place in the Kingdom of God." Quite an interesting program has been prepared for the evening and a delightful time is anticipated by all who will attend.

Baptist Sunday School Busy.

The children of the Baptist Sunday School have been divided into Blue and White Clubs and each club is working to see which can secure the largest number of scholars. The captains of the Blues are Virginia Mahony and Sallie Burdett, and of the Reds, Wallace Singleton and Russell Brown. The side that wins will receive a handsome prize.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause break downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at Penny's Drug Store.

LINCOLN'S LEGISLATORS BACK FROM FRANKFORT

Many Bills Passed at Session But Veto Ax Will Fall Often--Those Approved

Senator "Took" Hubble and Representative W. H. Shanks got home Wednesday night from Frankfort. The Legislature adjourned Tuesday night, and so far the governor has given no signs of an extra session though he threatened to call one, if the members failed to pass the bond issue bill.

Mr. Shanks says the governor has already stated that he will veto the bill providing pensions for the old Confederate soldiers in Kentucky, the bill appropriating \$20,000 for each of the two State Normal Schools, and the bill providing for State bank examiners. He is expected to use his ax on a large number of other appropriation bills.

During the session Senator Hubble secured the passage of three bills which bear his name, and Mr. Shanks one. As he looked after and introduced all of Hubble's bills in the House, the credit is equally his. These bills were:

S. B. 123—Hubble bill appropriating \$20,000 for the Kentucky School for the Deaf.

S. B. 284—The Hubble bill, authorizing transportation companies to sell at public auction unclaimed articles.

S. B. 90—The Hubble bill, making it optional with men over 60 years of age as to whether they will serve on juries.

H. B. 154—The Shanks bill, authorizing railroads to carry on a ferry business.

The General Assembly passed a total of 153 measures out of a total of almost 1,000 introduced. Of this number 17 have become laws, either by receiving the signature of the governor, automatically, or being passed over his veto.

Only two measures were passed over the governor's veto, however. One of these was the bill introduced by John W. Holland, of Shelby county, and aimed at the location of the proposed Lincoln Institute in Shelbyville. The other was the bill introduced by W. F. Klair, of Lexington, providing for the recording of names of persons pooling tobacco or other farm products.

Two bills have become laws automatically; they having remained in the hands of the governor 10 days without his signature having been attached. Both these bills were introduced by Conn Linn, of Calloway county. One increases the salaries of circuit judges \$1,200 a year, and the other appropriates \$30,000 annually for use by the State Board of Health.

Among the acts which received the executive approval are Claude M. Thomas' bill providing for what is known as the intermediate sentence for convicted persons; Lillard Carter's bill providing for the printing of all court of appeals decisions; Claude M. Thomas' bill providing for the conversion of the Frankfort penitentiary into a reformatory; Harry Schoberth's bill appropriating \$10,000 to the Home for Incurables at Louisville; J. S. Steer's bill, making warehouse receipts negotiable and transferable; L. W. Arnett's bill, making October 12, Columbus day, a legal holiday. The bill repealing the barbers' inspection law. Act changing the time of holding court in the 33rd Judicial district. Act amending the present parole law. Act creating a new judicial district in Whitley and adjoining counties.

Doorkeeper Joe T. Embry, of the House, will return home at once, but Assistant Clerk J. M. Alverson, of the Senate, will not complete his work and return home until about April 1st.

Lad Buried Here.

Alfred Edgar Haley, the 12 year-old son of Mrs. Kittie Haley, died at their home in Lebanon Junction, and the remains of the lad were brought here for burial in Buffalo Cemetery Wednesday. He had been ill of peritonitis for some time. The lad was a member of the Methodist church. His father, the late A. Frye Haley, and family, formerly lived here and have many relatives in this county.

Hampton-Broughton.

Harvey Broughton, a son of Daniel Broughton, a well-known farmer living near Crab Orchard, and Miss Nora Hampton, daughter of Ike Hampton, also of the East End, secured license to wed here Wednesday and were made one by Squire K. D. Noaks, at the home of the bride Thursday evening. E. D. Irvine accompanied the prospective groom here when he got his license.

It Saved His Leg.

"All thought I'd lose my leg," writes J. A. Swenson, of Watertown Wis. "Ten years of eczema, that 15 doctors could not cure, had at last laid me up. Then Bucklen's Arnica Salve cured it, sound and well." Infallible for Skin Eruptions, Eczema, Salt Rheum, Boils, Fever Sores, Burns, Scalds, Cuts and Piles. 25c at Penny's Drug Store.

KANADA ROGERS, an old Lincoln county boy, who has spent the past several years in Illinois, has returned home and is living on a farm on the Crab Orchard pike. He has brought his family with him and they will make their home here in the future. He says that old Lincoln is good enough for him.

High Tribute

Paid to Memory of George Barnes Saufley By State Press.

The press of Kentucky, in mentioning his untimely taking off here last week, pays high tribute to the brilliant qualities of mind and heart of George B. Saufley. A few expressions from the press on the death of the young man, are as follows:

(ACTION OF GARRARD BAR.)

After motion hour Mr. J. E. Robinson moved the court that a committee be appointed to draft suitable resolutions with reference to the death of Hon. George B. Saufley, and thereupon Wm. Herndon, W. I. Williams and J. E. Robinson were selected and reported the following, which were unanimously adopted:

Geo. B. Saufley, a son of Judge M. C. Saufley, of the 13th Judicial Circuit, a member of the Lincoln county bar and of this bar, was a young man of unusual ability and attainments; a forceful and eloquent speaker; diligent in business; thoroughly devoted to the interests of his clients; conducting and winning cases of magnitude at an age in life and practice at which the vast majority of young attorneys are struggling for position at the bar.

His legal attainments, and his ready grasp and quick understanding of the intricate questions of jurisprudence, in all its branches; his clear reasoning and logical deductions from established premises, gained for him a prestige rarely attained by one so young in years and practice, marked him as an attorney of unusual promise and an ornament to the profession of the State.

To his father, family and all those who are aggrieved, our hearts go out in sympathy and ask for them that consolation which comes only from on high.

Be it resolved that these resolutions be spread at large on the record books of this court and that the court now adjourn until next Thursday in honor of George B. Saufley's memory.—Lancaster Record.

Mr. George B. Saufley, one of the brightest young attorneys in the State, died at the home of his parents, Judge and Mrs. M. C. Saufley, at Stanford, Monday morning. He had been ill with typhoid fever for more than a month and last week was thought to be improving, but suffered a relapse Friday, which, in his weakened condition he could not overcome. The funeral services were held Tuesday afternoon in Stanford, a number of friends going from this place to attend it. Mr. Saufley was the third son of Judge Saufley, was 28 years of age and unmarried and was a very gifted and popular gentleman. The hearts of the many friends here of Judge and Mrs. Saufley go out in sympathy to them in their great sorrow.—Harradtsburg Herald.

That brilliant young lawyer, George B. Saufley, of Stanford, who was admitted to the bar in Mt. Vernon after a most creditable examination of him by Attorneys C. C. and R. G. Williams, who had been appointed by Judge T. Z. Morrow, then on the bench, to examine the applicant touching his qualifications, died at the home of his father, Circuit Judge M. C. Saufley, last Monday. Possessed of an unusually bright mind and being naturally adapted to his chosen profession, he gave great promise of soon becoming one of the leading legal luminaries of this State. Our heart goes out in tenderest sympathy to his devoted parents, relatives and friends in their deep sorrow over his untimely taking off.—Mt. Vernon Signal.

George B. Saufley, a prominent and gifted young attorney of Stanford, and a son of Judge M. C. Saufley, died in that city Monday after a lingering illness of typhoid fever. He was 28 years of age, a great favorite and his death is a distinct loss to the legal profession of Kentucky.—Somerset Journal.

Hon. George Barnes Saufley, son of Judge Mike Saufley, and one of the most promising young attorneys in the State, died at the home of his parents in Stanford Monday after a long illness of typhoid fever. Deceased was master commissioner of the Lincoln circuit court at the time of his death and stood high as a practitioner. He was a cousin of Robert Saufley, formerly of this city.—Somerset Times.

Attorney George E. Stone, who is attending court here, and Judge J. Boyle Stone were called to Stanford Tuesday to the funeral of their cousin, Hon. George B. Saufley, a brilliant young lawyer of that city, who died Monday of typhoid fever.—Liberty News.

BRAKEMAN BREAKS BOY'S LEG WITH BULLET

"Buckskin Bill" Dalton Shot Three Times in Limb By Unknown Railroad.

William Dalton, a 15-year-old boy, familiarly known as "Buckskin Bill," had his right leg broken, just above the ankle, by a shot fired at him from a revolver in the hands of an unknown brakeman on an L. & N. freight train which passed through here going South, late Wednesday afternoon. The boy was endeavoring to jump on the train to get a short ride, it is said, when the brakeman turned loose his weapon upon him. Besides the shot which broke his limb, he also caught a bullet high up in the right hip and another near the ankle.

The shooting took place about 100 yards North of the depot at Rowland, where Dalton makes his home with his parents. The freight train was in charge of Conductor Will Smith, it was afterward ascertained. The train was moving swiftly down the track at the time of the affair, and it was impossible for any one to ascertain the identity of the brakeman.

The local officers were quickly notified of the affair, however, and Deputy Sheriff W. S. Embry wired ahead to London and Corbin to have the brakeman caught and sent back here under arrest, to answer the charge which will be lodged against him.

It has been only a few weeks since over in Pulaski county, adjoining this, that a brakeman on the Q. & C. railroad shot at a boy to scare him off the train, and instantly killed him. The brakeman got away, but at the end of his trip came back, surrendered himself for trial, and will soon know his punishment.

Diadem Lodge, K. of P.

Will Make Many Improvements--New Members Coming In

Diadem Lodge No. 81 is preparing to greatly improve the appearance of its lodge room here, as well as make it more comfortable and convenient for the members. About \$150 will be spent this Spring in repainting and painting the lodge hall, besides adding various other conveniences. Diadem Lodge K. of P. is one of the most prosperous of the fraternal orders of Stanford, and is constantly adding to its membership. About 20 applications for membership are pending before the lodge, and at the regular meeting of the lodge on Thursday night a number of new Knights were taken into the ranks.

Mother in Israel Is No More.

Mrs. William North, Sr., died at the home of her son, Grant North, three miles south of Hustonville, on the Middlebury pike, last week, aged 79 years. She was a faithful member of the Baptist church the greater part of her long and useful life, and will be greatly missed. She is survived by her husband and a large family of children, grandchildren and several great-grandchildren.

Popular Couple Wed In East End.

A. Tapp, a prominent farmer of the Taylorsville, Ill., vicinity, and Miss Minnie Anderson, the attractive daughter of Mr. John Anderson, of the East End, were married Wednesday at the home of the bride by Elder J. G. Livingston. They left that evening for a bridal trip, after which they will go to his home, which he has already had fitted up for his bride. Mr. Tapp used to live in this county and is a good man. He was accompanied by his brother, Mr. F. B. Tapp, of Bedford, Ind.

Taylor Found Not Guilty.

The charge against George Taylor, colored, who was arrested by Deputy Sheriff W. S. Embry last Saturday night as he got off an L. & N. train, was dismissed by County Judge Bailey, when the trial came up the first of the week. Attorney George D. Florence appeared in defense of Taylor and convinced the court that he should be released.

Crushed and broken, his body almost rolled out flat, Howard Bowman, a tobacco handler, lies at the point of death in a hospital in Louisville. He was unloading tobacco from a wagon in front of the State Tobacco warehouse, where he is employed, when one of the hogheads slipped and rolled off the wagon. It rolled over Bowman and he cannot survive.

HON. HARVEY HELM

of Lincoln county, is a candidate for re-
nomination for Congress from the Eighth
district, subject to the action of the demo-
cratic party.

THE INTERIOR JOURNAL goes to its readers this issue slightly altered in its general appearance. We hope that its patrons will approve the changes in form of make-up and the effort that is made to make it more metropolitan in appearance, and more complete with live local news. The people of Stanford and the surrounding country are the best on earth, and there is no reason why they should not have the very best paper that can be given them. They can have, if they will help us, not only with their subscriptions and advertising, but by each reader constituting himself or herself a committee of one to tell the editor all the news he or she knows. Anything from a dog fight to the wedding of Sister Ann or the sale of the pet calf can be woven into a good news item, and we want you to tell us of the occurrences of the day that come within your knowledge.

We deeply appreciate the warm-hearted, whole-souled welcome which the good people of Stanford and community have given us and ours, and hope to make the INTERIOR JOURNAL such a good newspaper that it will continue to be a welcome visitor to every home.

Almost 100 new names have been added to the paper's mailing list already this week. No paper in this part of the State, outside of Lexington, compares in circulation with the INTERIOR JOURNAL. Neither of the two dailies at Frankfort has as many bona fide subscribers. New subscribers are new life blood to a newspaper and the I. J. feels greatly blessed with this happy augury for its future.

GOVERNOR WILLSON vetoed the celebrated Louisville Ripper bill, designed to take the office of city attorney from the republican incumbent and give it to a democrat. The republicans protested from one end of the State to the other over this "steal." They forgot that one of the first things the republican State administration did when it came into power was to try to oust J. W. Hedden, the democratic State Superintendent of Printing. It makes a big difference whose ox is being gored. The Ripper bill passed over the Governor's veto in the Houses, but enough democrats voted with the republicans in the Senate to kill it. The republicans are thus robbed of much campaign thunder.

Of course everyone in Lincoln county is proud that her son will continue to so well represent the Eighth district in the National Congress. Our good old neighbor of Boyle should possess her soul with patience. Her favorite is young, and the day of the young man is close upon us.

The establishment of a five-million-pound tobacco prize warehouse here, which is now said to be assured, will make Stanford rightfully the center of the tobacco growing interests south of the Kentucky river. Patience, and shuffle the cards; the old town's coming!

COL. ROOSEVELT has arrived in Khartoum, in southern Egypt, and already the faithful who have not permitted themselves to be led after the strange gods which Taft, Ballinger & Co., have set up, are beginning to get ready to hail the great deliverer.

BOTH Houses of the General Assembly passed over the Executive veto the Holland bill, which was drawn to prevent the establishment of a large colored school near Shelbyville. Looks from here like the good county of Shelby is becoming very exclusive.

NEWS NOTES.

The legislative, executive and judicial bill, appropriating nearly \$34,000,000 was passed by the House.

The House Committee on Naval Affairs favorably reported a bill appropriating \$500,000 to raise the wreck of the battleship Maine in Havana harbor.

Harry Kendall Thaw was cited to appear before the United States Circuit Court of Appeals in Philadelphia April 18 by Judge Charles P. Orr.

Rev. Alexander Franklin Baker, D. D., died of paralysis, after a short illness. He was a prominent Baptist divine.

Mrs. Mary Mussen, 54 years of age, died at her home in Perryville, after a brief illness of pneumonia. She is survived by her husband, Capt. W. L. Mussen.

Judge Watts Parker, in an opinion delivered in the Fayette circuit court, held that the purchasing of a registration certificate is neither a felony nor an offense against the statutes of Kentucky.

Wants "V's" Off Court-house.

Preachersville Reporter Says They Are Out of Date—Live News.

PREACHERSVILLE, KY. We are one of Lincoln county's most humble citizens, yet we cannot refrain from making one suggestion—that those cranky Colonial style of letter "V's" on the front of our new court-house be changed so as to look as modern as the rest of this magnificent structure. Do we have a second? Every true citizen cannot look at the new court-house, now so near completion, but with a feeling of admiration. From log cabin to splendid mansion there is none but who should feel an interest, a part ownership, as it were, in this temple where sits the blind Goddess of Justice.

A young gent from Crab Orchard will soon claim one of our prettiest girls. We have very straight information.

Farmers are well along with their work. More tobacco this year than last. Almost everyone has sown plant beds. Anderson & Rigney sold a jack to Jesse Cook & Co. for \$350.

Mrs. John B. Anderson has been very sick. Mrs. Bettie Cummins is about well. Mrs. J. H. Rigsby, who has been so very ill, is improving. All the people who have been afflicted with the mumps are about well.

"Old Charlie," Miss Lucy Cummins' pet driving horse, dropped dead last week. This was the gentlest horse in town and will be missed very greatly by Miss Lucy.

Rev. Pierce Bryant, pastor of the Baptist church, preached Saturday and Sunday.

A. L. Napier, who recently moved to this community from Highland, while returning from court came near getting killed. His horse ran away, demolishing the buck-board, and threw Mr. Napier on a wire fence. His young son was also badly jarred up.

T. W. Payne has moved to Tappan. Mrs. Susan Cress was visiting the family of her brother, Kendal Smith, near Walnut Flat. Mr. and Mrs. Grover Gastineau, of Garrard, were visiting her father, John Naylor. Mrs. J. M. Lunsford, of Boyle, visited the family of Ben T. Lunsford. Wm. Naylor and wife have been with the home-folks. Mr. J. W. Blankenship, of Harrodsburg, visited his father, Henry Blankenship. Your correspondent visited J. S. Turpin at Stanford.

Mr. Levi Anderson, who lives in the Canaan neighborhood, has a flint-lock rifle used by his father, Wm. Anderson, in the first quarter of the last century. It is in a good state of preservation and is of fine workmanship. It bears the date of 1777 and no doubt saw service against England. His father killed 18 deer and many wild turkeys in the knobs a few miles south of Crab Orchard. A bent hickory cane has the date of 1855 and is a nice piece of carving and never painted or varnished, shows a wonderful polish. The crook was handy to a man on horseback to rescue his hat or to catch a runaway horse.

Your correspondent, with Mr. Arthur Sharp, spent a portion of last week with Mr. and Mrs. T. W. Napier, at Crab Orchard, and were most hospitably entertained while there. Mr. N. is an affable gentleman and his wife a very pleasant lady. They have an interesting family. Wilson, their son, is in the Crab Orchard post-office; Miss Lena, their daughter, is an accomplished young lady and a fine organist, while their twin daughters are so much alike it keeps one guessing whether it is Miss Kate or Miss Nan to whom he is talking, and when both are dressed alike, it is only making matters worse; then you have to guess again. Even their teachers and closest friends are completely puzzled. This no doubt affords these demure young ladies lots of fun. Then, the twin sons are as much alike each other in feature, disposition and taste as the girls. Their names are Henry and Henley, the latter now recovering from an accidental gun-shot wound, which came very near terminating fatally. Joe, another son, is a fine amateur comic singer and will some day make his mark. A more studious youth we have never known. The baby girl, little Jeanette, and the eldest son, McClure Napier, in business at Cleaton, Ky., complete the family.

Do farmers eat the proper sort of food?

The farmer of today buys a much larger proportion of the food that goes on the table than he did ten years ago. It's a good thing that this is so because he has a great variety to select from. He should, however, use great care in selecting for the best results in health and strength.

The widespread tendency in the city to increase the amount of Quaker Oats eaten is due very largely to the recent demonstrations by scientific men that the Quaker Oats fed man is the man with greatest physical endurance and greatest mental vigor.

Farmers should give this subject careful thought and should increase the quantity of Quaker Oats eaten by themselves, their children and the farm hands.

Packed in regular size 10c packages, and in hermetically sealed tins for hot climates.

Grand Master

Of Odd Fellows To Visit Lodge Here Tuesday Night.

Grand Master I. N. Williams, of the Grand Lodge of Odd Fellows of Kentucky will visit Stanford Lodge No. 156 next Tuesday night in his official capacity. He will be given a cordial greeting by the many Odd Fellows in this section. He comes to inspect the lodge in his official duty, and besides meeting the members of the Stanford lodge here, will also meet delegations from the Crab Orchard and Lancaster lodges which are expected to be present.

Stanford lodge and the two sister lodges mentioned will have splendid reports to make to the Grand Master, for the past year has been one of the most successful in the history of this popular order in this part of the State.

Republican politics in the 11th district has taken a more interesting turn with the inauguration of Caleb Powers' active campaign for the Congressional nomination. Powers is now making a speaking tour of the counties of Clay, Perry and Jackson. D. C. Edwards, who has not yet declared his candidacy, is playing a waiting game, apparently. The executive committee of the synodical missions of the Synod of Kentucky, in conference with a committee in the New York Board of Home Missions, elected Rev. F. J. Cheek, of Louisville, Synodical Superintendent for the State of Kentucky.

The Pulaski grand jury has adjourned after returning 173 indictments. The indictments vary all the way from breach of the peace to wilful murder. A large number are against the selling of cigarette papers.

Stomach distress goes in five minutes on guarantee on Mica-na by G. L. Penny and to cure indigestion or any other stomach trouble, or money back. 50c.

How To Collect Your Notes and Accounts.

How can I collect what is owing me? This is the all important question with every merchant, wholesale firm, business and professional men, farmers—and, in fact, every one—today. Never has the question been so prominent in the business world as it is today. The loss of a few accounts may eat up your profits in business: the failure to collect a note makes you that much poorer; not being able, or in a position, to give the proper attention, knowledge or experience to the adjustment or examination into some claim in which you have an interest may cause you the loss of many dollars. Our province and our business is to help you in these matters. Whether it is a NOTE or ACCOUNT you are not able to collect; or whether it is some claim in which you have an interest which needs looking into carefully, we are prepared to do it, and do it promptly. This is our business; we make it a study: We have the facilities and we have the experience, and the fact that we have collected many dollars which were given up as lost, is one of our best arguments in favor of what we can do. Our terms are reasonable, and we make no charges unless we collect: We make collections anywhere in the United States. We recently collected an account for a firm in the adjoining county against a man in California. If you have a claim which needs looking after, or a note or account which you want collected, no matter how large or how small, or where the parties live, send it to us. We solicit your business. MIDDLEBURG.

Several Liberty lads and lasses were here Sunday, having a good time and catching the measles.

Our physicians report the health of this community as much improved within the last ten days.

Mr. and Mrs. V. T. Wilson returned from Somerset Friday, after an extended visit to relatives there. Mrs. Laura Lee and daughter; Miss Bessie, Ernest and Preston Miller, Roy DeBord, Mark and Irwin Wesley, are a few of the many that are down with measles.

Marion Black has been appointed a constable for this district.

Brad Sweet went to jail to pay a fine imposed in the magistrate's court here, for failure to work on the county road.

Miss Nannie Adams is occupying the chair in the primary department of the graded school, while Miss Bessie Lee is worrying with the measles.

Rev. J. L. Adkins, of Burksville, who was called to the pastorate of the Baptist church, had not accepted up to this writing and the members will take steps at once to secure the services of another man.

Farmers are taking advantage of the late pretty spell of weather and are getting along well with farm work. Considerable ground has been broken and a bumper corn and tobacco crop is anticipated.

The arrival of a son in the home of Jason Lawhorn, mentioned in last Friday's INTERIOR JOURNAL, occurred two months ago. Indeed, Jason's boy is almost large enough to go to school. It is not red-headed, as reported by Henry Thomas, of the Casey County News; besides he has all the appearance of a democrat.
